

Hi ,

Welcome to sixth grade. I am so happy you will be part of middle school program for this coming year. The year promises many exciting projects and challenges to meet your educational needs.

I am particularly focused on your religious and mathematical growth as you use the skills God has gifted to you.

There will be opportunities to develop your own relationship to God through prayer experiences, Bible activities, and outreach to the poor. All I ask is that you try your best to give each opportunity a chance.

Mathematically, I know each child possesses different degrees of ability. I am here for you, whether Math is your favorite subject or not.

I am looking forward to greeting you as you enter the school for a new and exciting experience at Holy Infancy.

In Christ,

Sr. Roseann Velas
